No. 24

HOPKINS COUNTY OPEN FOR BUSINESS

First Visitor to Register Establishes a Record.

COMMISSIONERS AND LADIES
ON HAND AMONG FIRST.

Louisville, Ky., June 12.—(Special.)—Notwithstanding the official opening of county headquarters for "Home Coming Week" in the big, new Army building does not take place until tomorrow morning, the Hopkins county official contingent, with representatives from a few other counties, were on hand at noon today, registering and decking with badges ex Hopkins county citizens and those present residents of Hopkins county who happened in.

Commissioner Jno. B. Atkinson, Vice-Commissioner John G. B. Hall, Mrs. Jno. B. Atkinson, Matron, and Miss Neveline Morton, Mat of Honor, went to the Army on Walnut street promptly a little before noon today to get the county register and badges and establish Hopkins county headquarters.

The county headquarters will be easily found by all visitors, who have but to follow alphabetically around the inside of the great building the signs hung from wires just outside the great number of chairs ranged in the central portion of the building.

A very interesting incident served today to give auspicious opening to the Hopkins County register. The first ex-Hopkins county to register came shortly after noon and has doubtless established the record for distance traveled to get back to his home county and state, besides getting in the list of those who left the State at tenderest age. The gentleman in question is Mr. J. W. Baker, of Cottage Grove, Oregon, State Game Warden for Oregon for some years past, who has traveled 3,000 miles to attend the Home Coming celebration and visit relatives. He is a cousin to F. O. Baker, of Madisonville, who is familiarly called by his friends "Falcon" Baker, and also cousin to Mrs. Vibelis Davis, of Paducah. Mr. Baker will visit Hopkins County to attend the celebration next week. He was born near Madisonville sixty years ago and crossed the plains with his father, C. B. Baker, in 1853 by a wagon train for which his father had bought the cattle in Missouri. Mr. Baker has with him as a relic an old fashioned whiskey glass that crossed the plains with that cattle train and which he prizes highly as a memento, although he does not appear to have used the glass himself.

There are preparations on all sides for a big time this week and the people will surely be here.

Ross Givens, of Providence, is among the first to open county headquarters. He was in charge of Webster this afternoon.

"Better Late Than Never."

The Louisville Herald in a dispatch from Muskogee, I. T., says:

Newton Bohannon was arrested last night at Okmulgee, I. T., on a charge of murdering Moses Echols near Bonham, Tex., in 1897, and placed in the Federal jail here today.

Bohannon has been a fugitive from justice for forty years. He was located on information given by his wife. Bohannon waived examination, and will be taken to Bonham tomorrow.

NATIONAL EDITORIAL ASSOCIATION

Convention at Indianapolis—Trip on Great Lakes and Through Canada.

The National Editorial Association is holding its twenty first annual meeting at Indianapolis this week. At the close of the convention the delegates will be given an extensive tour of Indiana, visiting numerous interesting points, particularly in sections that abound with important manufacturing and mining interests, and they will be entertained lavishly at Indianapolis and throughout the trip through Indiana, including a stay over Sunday at the justly celebrated French Lick Springs.

On June 20th the party will arrive at Chicago, where they are to be the guests of the Press Club. At 2 p. m. they will leave on the Manitou Steamship Company's magnificent steamer "Manitou" for Mackinac Island. This splendid ship has been properly titled "The Greyhound of the Great Lakes; her great engines send her through the water at an average speed of eighteen miles an hour. Built entirely of steel and measuring 300 feet in length and forty-two feet in breadth, her hull is divided into seven distinct compartments, each separated from the others by solid steel bulkheads, thereby giving her such stability as to rank her with the finest ocean-going ships. This ship is used for passenger service exclusively. Its culinary department equals that of the best hotels and clubs. The furnishings and decorations, and everything, is of the best.

The National editors make the first sailing of the season on June 20, after which the "Manitou" will make regular trips from Chicago to Mackinac Island and intermediate points, on Mondays, Wednesdays and Fridays of each week. Mr. Jos. Berolzheimer, G. P. A. of the Manitou Steamship Co., Rush and N. Water Streets, Chicago, will look after the welfare of the visiting delegates on their trip and at all times pleased to furnish interesting information relative to the Great Lake Resorts.

There is no trip on the American continent so delightful as a trip on the Great Lakes and on a steamer of such high grade as the "Manitou."

The party will proceed to Detroit, Toronto, Niagara, down the St. Lawrence to Montreal, Quebec and the Saguenay river, visiting Ottawa and other points on the return trip.

Special Judge Appointed.

Fraukfort, Ky., June 9.—Gov. Beckham has appointed Judge T. G. Lewis of Hyden, Leslie county, to conduct the trial of Judge Hargis on the indictment charging him with the murder of Dr. B. D. Cox, of Jackson.

Judge Lewis has been designated by the Governor as presiding judge of the new Thirty-second Circuit Court district created by the last Legislature in the Eastern part of the State. He is said to be a very able lawyer, fearless and thoroughly qualified in every way to manage such a hard-fought case as this is expected to be.

Ends Life.

Mrs. Marion Knight, of Christian county, while suffering from dementia ended her life last Wednesday by jumping into a well. The deceased was of prominent family and the mother of four small children.

BIG DOINGS

Wanderers to be Royally Welcomed in Earlington and Hopkins County

Home-Coming Celebration.

June the 20th is drawing near and Earlington, like other true Kentucky towns, is making arrangements to welcome the wandering ones. On that day a basket picnic will be had at Lake side park at which will be furnished oratory, music, sports and incidentally some Kentucky grub, which will be prepared by that which sets Kentucky above all other states, "her women" and brought to the park in baskets, the grub, of course.

Among other attractions worthy special mention will be the rendition of "My Old Kentucky Home" by the Earlington Quartette. The lodges and churches of the town will contribute to make this a most enjoyable time. Music will be furnished by the Madisonville brass band which in itself is worth going far to hear. Of course every body can't live in Kentucky but fate has dealt most unkindly with those who can't. If you don't believe it come and see, and remember this is an entertainment in which all citizens of Hopkins county can show their loyalty by bringing well filled baskets to share with the honored guests of this occasion.

The following contests will take place:

Free for all Swimming Race—Hopkins county championship. \$3.00 to winner, \$1.50 to second, 50c to third.

Boat Race—Handicap. \$1.50 first, \$1.00 to second, 50c to third.

Tub Race—for boys. \$1.00 to first, 75c to second, 50c to third, 25c to fourth.

Barrel Race—for boys. \$1.50 to first team, 75c to second team. Swimming Race—boys 15 and under. \$1.00 to first, 50c to second, 25c to third.

Boat Race—for ladies. \$2.00 to first, \$1.00 to second. Three to start.

Potato Race for boys.

Egg Race for boys.

Potato Race for men over 175 pounds in weight.

Egg Race for ladies.

Nail driving contest for ladies.

Egg Race for men.

Prizes will be awarded to the winner in all of the above contests.

Those desiring to enter any of the above named contests or having any suggestions that will tend to add to the pleasure of this occasion will communicate with F. D. Rash, Chairman committee on Sports.

Home Coming in Madisonville.

The feature of the day will be a parade formed by Field Marshal Jno. B. Brasher and marched through the main streets of the city. The Field Marshal trusts every one will participate in the parade and in every other way contribute to make this a glad celebration. It is especially urged that every man who can scrape up a buggy and a pretty girl, get in the parade. Now buggies are more scarce than pretty girls in Kentucky, but mayhap you could induce her to walk and carry a bunch of flowers. The following prizes are offered:

Best decorated rig or float, representing some business house or industrial concern, \$5.

Most attractively decorated individual rig, \$3.

Handsome couple in the parade, \$2.

Ugliest couple in the parade, \$1.

A committee of visitors will be selected to award the prizes. Flags and bunting can be secured at several stores of the city.

Let everybody begin to make arrangements to participate in the parade and let us show to the world that Madisonville and Hopkins county people can do a thing of this sort in the most approved style.

Those desiring further information concerning the parade should call upon or write John B. Brasher, Madisonville, who will take pleasure in giving necessary information.

LOVE'S YOUNG DREAM

Nipped in the Bud—Romantic Affair Squelched by Parents.

A young couple of Earlington had planned an elopement lately. But as the hour drew nigh for the departure from the parental roof, the nervousness of the bride-to-be gave the affair away and owing to her extreme youth, cruel hands intervened, and the youthful bride-to-be was sent to bed with tears and protestations. And in the meantime Lothario having had the news of how his hopes were blighted, failed to show up, and saved himself the embarrassment of a good talking too. Surely this is a cold unfeeling world.

KENTUCKY POSTMASTER'S SALARIES RAISED.

Earlington, Dawson and Madisonville Offices Receive Increase.

Washington, June 13.—These changes in salaries of Kentucky postmasters are announced today, effective July 1: Increase—Barbourville, Elkton, \$1,300 to \$1,400; Campbellsville, \$1,300 to \$1,400; Corbin, \$1,300 to \$1,500; Cynthiana, Fulton, \$2,000 to \$2,100; Dawson Springs, \$1,500 to \$1,600; Earlington, \$1,400 to \$1,500; Elizabethtown, \$1,000 to \$1,100; Glasgow, \$1,800 to \$1,900.

The salary of Postmaster Bacon has been increased from \$1,800 to \$1,900.

Drowned.

Little Willis Carnehann, the ten-year-old son of Mr. and Mrs. Carnehann, of this place, was drowned in No. 11 pond last Saturday. Willis and some playmates, all of whom were children, were wading in the pond when the little Carnehann boy ventured a little too far out and was drowned in sight of his friends, none of whom could save him. The body was removed from the water about 5:30 p. m., by the boy's uncle, Dave Barker. The sad accident occurred about 2:30 p. m. The internment took place at Covington, Ky., the old home of Mr. Carnehann. The parents have our sincere sympathy in this sad occurrence.

Sergeant-Diller.

Announcements were received last week of the marriage of Miss Carolyn Amelia Diller to Mr. Milner Sargeant Wednesday morning at the home of the bride's parents at Evansville, Ind. Miss Diller is a daughter of Mr. and Mrs. Wm. E. Diller, of Evansville. Mr. Sargeant is Master of Trains for the Henderson division of the Louisville & Nashville railroad. He has been located here for several years. Mr. and Mrs. Sargeant will be at home, at Earlington after July 20th.

Too many men spend so much time getting ready that they run out of time before they begin.

FLAMES AT NORTONVILLE.

Property of Nortonville Coal Co. Destroyed.

SEVERAL MULES LOST.

Last Monday a fire broke out in the stables of the Nortonville Coal Co. The fire was beyond control when discovered about 10:40 o'clock, and ten mules, one horse and 175 barrels of corn and some hay stored in the building were soon lost.

There is of course, some talk of incendiarism, but this is always so when any considerable amount of property is lost, by fire, and while the stables were locked at closing time Monday evening there had been no fire about the stable for some time to the knowledge of the officials there are many ways that a stable containing such inflammable stuff as hay could have started the fire, and as no motive for such a crime can be assigned it is safe to say that the fire had an accidental origin. The loss of buildings and stock will likely amount to something near \$3,000.

POPULAR OFFICERS OF CO. G PROMOTED.

Lieut. Powers, Rogers and Sergeant Thos. Long Advanced to Higher Rank.

According to Special Orders No. 25 issued May 31st, from the office of Adj. Gen. Henry R. Lawrence at Frankfort, three popular officers of Co. G are advanced to a higher rank upon the recommendation of the Company, Battalion and Regimental commanders and in accordance with Section 222 of the Constitution of Kentucky.

The officers receiving the advancement as announced are Second Lieutenant Henry W. Rogers promoted to First Lieutenant vice Ott L. Powers assigned as Adjutant of the 2nd Battalion and First Sergeant Thos. O. Long promoted to Second Lieutenant to fill vacancy caused by promotion of Henry W. Rogers.

These are well deserved promotions and come to men who are popular with the boys. They have labored earnestly and enthusiastically in helping the local company to attain the reputation of being one of the best military companies in the service.

Why not Clean up?

It has been repeatedly urged that citizens look after their premises, especially the alley back of your place. Some seem to think if the front yard is speck and span the back yard and alley can go. This shows either a bad form of citizenship, or an ignorance of all laws of sanitation, for the garbage that finds its way to the alley is the most favorable media for germ growth, and beyond all question will cause no end of contagion, and besides that, reflects on the town, and every property owner should enhance the value of his property by seeing that our town is a clean one. The morals of Earlington will compare favorably with any town, lets all work together and see that our sanitary condition is better than other places. If the great white plague is ever to be eliminated from the human race, it will be the work of every individual and the good to the human race will be beyond our imagination. So lets clean up and kick if our neighbor don't.

HOME-COMING WEEK

In Bowling Green to Begin on June 18 and Last Until June 25.

The people of Bowling Green, the county seat of Warren, have arranged a series of Home Coming entertainments to be given Monday, June 18, and to continue to June 25th, inclusive. There will be three high-class entertainments each day, some of the leading lecturers, impersonators, and musical organizations having been engaged for the occasion. Besides these there will be many other entertainments and attractions. In fact, there will be something doing every hour of each day. Excursion tickets will be sold on June 17th and 18th from Louisville, Glasgow, Owensboro, Clarksville, Gallatin and intermediate points at one fare plus 25 cents, and on June 19th to 45th at one and one third fares (minimum 50 cents). All tickets limited to June 26, 1906. An extremely low rate has been made on steamboats from Evansville and intermediate points. Quite a number of people will go from this city to Bowling Green on this occasion. The inimitable Sam P. Jones, and the Hon. Temple Graves will deliver addresses on the opening day, Monday, June 18th.

MILITARY SOCIAL.

Co. G Will Give Ice Cream Supper at Armory Saturday Night.

The officers and men of Co. G will give an ice cream supper at the armory Saturday night, June 16th, for the benefit of the company, the proceeds to be used by them while on encampment this summer.

It is planned to make this an unique affair. The armory will be decorated with the national colors presenting a patriotic appearance. An innovation that will be seen at the supper will be kachia clad soldiers acting as waiters instead of young ladies. A prize cake is to be given to the most popular young lady in the city.

Ice cream, cake, sherbet and lemonade will be on sale during the evening.

This is the first attempt of the local military company to give an affair of this kind since its organization.

Jett Case Continued.

Cynthiana, Ky., June 8.—Case of the State against Curtis Jett, charged with the murder of James B. Marcum, has been continued until June 12. Absence of important witnesses was the main cause of continuance. Jett, who was brought here from the penitentiary, where he is already serving a life sentence for the murder of James Cockrill, was taken back to prison.

House Party.

Mr. and Mrs. Henry L. Brown are giving this week a house party at their beautiful home. The guests are Miss McFadden, of Auburn, Ky., and Mr. and Mrs. W. S. McGary, Mr. and Mrs. Henry Coward, Dr. and Mrs. A. O. Sisk, Miss Georgia Wyatt, Mr. McFadden and John Long.

Succeeds the Late R. D. Hill.

Louisville, Ky., June 9.—Judge George DuBois, formerly on the bench of the Kentucky Court of Appeals has been appointed United States Attorney for the Western District of Kentucky, succeeding the late R. D. Hill.

We have often wondered during the hot weather if the summer girls are as cool as they look.

A WORD WITH ADVERTISERS

A newspaper nowadays must get advertising on its merits. Advertising is no longer the "hit or miss" game it was, and if a paper is a good one and can bring results its advertising department should solicit business on the basis of results alone. Time was when a paper's solicitors were given business by merchants who gave it in the spirit of charity, "just to help the paper along" or something of that sentiment. When the advertiser gave the paper an ad he felt that he was placing the publisher under obligations to him. But now all this should be changed. Advertising is a necessity to the merchant. He must advertise or go out of business, and the paper should teach the advertisers that publicity is a necessity. Then when soliciting business make the advertiser understand that he is getting value received, and is purchasing the paper's space and its circulation, and is not in any way obligating the publisher to him—that it is a business transaction, absolutely.

Natural Gas in Kentucky

A Hundred Years Ago. The North American of Philadelphia prints every day extracts from the North American a hundred years before. In its issue of May 29, 1906, it publishes from its issue of the same date, 1806, the following description of the discovery of natural gas in Kentucky:

Surprising Extractions of Inflammable Air.

"Near one of the sources of Licking river, in Kentucky, there is a separation of phlogistic gas from something in the interior strata of the earth in greater quantity than is perhaps known in any part of the world. This light and inflammable fluid is discharged through water into the atmosphere. It bubbles incessantly through the center of a muddy pool of stagnant water, rises in a column, and the gas readily takes flame on burning gunpowder in it, or by the approach of any blazing body. The volume of it is so great that a man who approached near enough to snuff a plant, and which he held in his hand, was suddenly enveloped in the flame, and sorely injured before he could escape. When set on fire, it burns with remarkable splendor and vehemence, not only for hours, but days and weeks in succession, mounting to the height of ten or twelve feet or more. The relator of this (Mr. Senator McKim) was one of a party that encamped near this aerial fountain, on an excursion through the woods. They discovered that the inflammable air had been a fire for six or eight hours, the water of the pond was heated to an uncomfortable degree, and emitted phlogistic exhalations, and was at the spot through which the gas descended was more vehement. It was judged that if the flame had been sufficiently continued the water would have been made to boil, and all have been evaporated. Then, the surrounding space would have been heated and dried. And lastly, there was reason to suppose that the phlogistic matter in the bottom of the pond would have been put into state of combustion. It appeared that this had really happened on some former occasion.

When once in a blaze there seems to be no end to its burning, but the whole is a storm of wind and may put to it." A matter of considerable local interest to our own people. It is not the story of an irresponsible observer, but the statement of a man whose ability and character is well recognized—Senator McKim, one of the great statesmen of the early days in Kentucky.

An Animal Story For Little Folks

He Got His Money's Worth

The circus was coming to town, and all the children were in anxious expectation. "If you go," said the teacher the day before, "be sure to see the elephant, the most knowing of all quadrupeds and for sagacity called the 'half reasoning elephant'."

"You bet I'll see him!" said Mickey. "I ain't been doin' chores all de spring fer nuttin'."

Once within the canvas he made straight for the elephants.

"Geet!" said Mickey. "Who punctured your tire?"

"What's that yer givin' us, young ster?" replied the elephant.

"Some one must have stuck pins in your cover, all right," grinned Mick. "For you're all wrinkled up. Say," he continued, "can you tell me why you are like a stove?"

IT'S BEST TO PAY THE PRICE.

The great beast shook his head. "I could tell you part of it," he said. "But it's no good," answered Mick. "Cause neither of yer kin climb a tree backwader. Here's another. What's de diff between you and a tree?"

"Because the trunk is not on the bough, but the bow is."

"Why don't you go on?" asked Mick.

"Because I'm not expected to."

"Why aren't you expected to?"

"I suppose because if you knew then."

"Is that all?" asked Mick in surprise.

"That's all. You see, I'm called the half reasoning elephant, and I don't intend to do whole reasoning at half price. You came in here on a half ticket, and I guess you have got your money's worth. Run along, little boy. Your mamma is calling you."

"Geet what!" exclaimed Mick. "I oughter bought a whole ticket!" — Worcester Post.

TIRED OF LIFE AWFUL SUFFERING

From Dreadful Pains From Wound on Foot—System All Run Down After Six Months' Agony—Not Able to Work—Completely Cured in Two Weeks

MIRACULOUS CURE BY CUTICURA REMEDIES

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and I was so disheartened that I thought surely my last chance was slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was dreadful for six months, and during this time I was not able to wear a shoe and not able to work."

"Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies of one of my friends who was a druggist, and the praise that I gave after the second application is beyond description. I secured a miracle for the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura soap before applying the Ointment and I took the Revolver at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure, can hardly believe their own eyes."

PIGEON RACES WITH TRAIN.

Bird Makes a Fifteen Mile Flight Every Morning.

(Newbern Journal.)

The passengers on the mail train from Morehead City due here in the morning are greatly interested in the peculiar conduct of a pigeon, which is owned by a man in Wildwood, and engages the train in a race from Wildwood to Havelock every morning, a distance of fifteen miles.

The bird apparently watches for the approach of the train and flies along with it, sometimes ahead of it, but it never fails to accompany the train. It flies so near the cars that passengers can almost touch it.

When the train stops at Newport the bird perches near by and waits for it to start, then returns to its home, evidently with the impression on its little brain that it has discharged some duty.

The pigeon is handsome, being white with a black head. No other bird seems to take this freak, nor does this one attach himself to any other train, and the wonder grows how the bird appears to prefer this train to any other. It will be sadly missed when for any reason it discontinues its regular flights.

Railways in Fog.

It is so seldom that there is a sufficiently heavy fog on an American railway to cause serious inconvenience that no special precautions are taken, but in England a heavy fog is so common that there is a regular service made up of the repair gangs, who take the place of the mechanical signals.

Every distance signal is guarded by a signal man, who is supplied with flags and torpedoes, the latter being called detonators, while the signal men are pointmen.

Two torpedoes are placed on the track to warn the engineer when the signal is set at danger, and are supplemented by a red lantern in the hands of the signalman. As the torpedoes cost a cent and a half each and are used in great numbers, there is a machine supplied by which the second torpedo is forced from the rail by the force of the explosion of the first, as only one is necessary, the second being merely a precaution.

The depot of the L. & N. at Goodlettsville, Tenn., was broken into Tuesday evening while the agent, J. W. Langoddy, was at supper and \$32 abstracted from the cash drawer. This is the fourth time that the depot at Goodlettsville has been robbed within the past three or four years. No clue has been discovered as to whom the guilty party is.

Dinner was spread in a thicket of wild plums and was one of the most enjoyable events of the day. Every one came home tired and delighted and talking of another outing in the near future.
